

# CHI Scholarship Information for Applicants and Parents/Guardians

## **Eligibility**

All who have successfully completed the CHI campus program and plan to begin or continue post-secondary studies at colleges or trade/professional schools are eligible for these scholarships.

## **Selection Criteria**

The criteria used to select grant recipients includes academic performance, character, and proficiency in a chosen field of study. Each of these criteria carries equal weight in determining who will receive scholarships. Academic performance is determined by evaluating high school or college grade transcripts released to the scholarship committee by the student.

All high school students applying must possess a minimum of a 2.0 grade point average on a 4.0 scale or equivalent. All matriculated college students applying must possess a minimum of a 2.3 grade point on a 4.0 scale or equivalent. College students applying, who possess sufficient credits at their institution of higher learning to be classified as a junior, must provide documentation of a declared major. The committee values students' efforts.

## **Determination of Financial Need**

Financial need will be a consideration in determining scholarship recipients. The Free Application for Federal Student Aid (FAFSA); Expected Family Contribution (EFC) score will be utilized to determine financial need. The score is requested in section 2 of the application form.

## **Description of Awards**

Each award will represent a scholarship provided to the selected student. These scholarships should not be mistaken in any way for student loans. While a high school student may apply to be considered for a grant prior to being accepted at a college or grade/professional school he/she must provide documentation in the form of an admission acceptance letter to the committee before the scholarship will be finalized. The exact number of awards and the total amount of money to be awarded will be determined during the selection process at the sole discretion of the committee.

## **Payment of Scholarships**

All scholarships are made payable to the educational institutions where the recipients will attend during the school year. As was previously stated the student must provide the committee a copy of the admission acceptance letter to an accredited school. It is the intent of the committee that the full amount of these scholarships be applied to school expenses.
